# Welcome

## Simple Choices | Done Right | On Time

Life is full of choices. Choices are good, but too many competing for our precious time and attention can be overwhelming or distracting.

Our catalog offers many choices in a simple, easy to select format. We do not charge hidden fees for artwork setup or plates. We use only top quality materials because that's the right thing to do. It also looks better! Our delivery is accurate and timely. If the color or size you need is not shown, we can most likely meet your requirements sooner, not later.

Your next order is certainly appreciated and we look forward to exceeding your expectations.

**It really is that simple. We promise.**

Wearing a credential or access card doesn't have to be a chore anymore. Badge reels allow you to pull the card out for swiping or verification, then the card retracts back to your body when you're done. Add your custom artwork and colors for a great looking accessory you'll be proud to wear anywhere!

*Special color and finish options are available on all models.*

# Premium Reels

Badge reels don't have to be round, unless you want them to be, of course. Premium reels have chrome accents, and some will even open beverages! Add logos to these reels for a finishing touch. They make wearing a card enjoyable, easy and even fun! Custom colors are available on most models.

Color-coding your ID cards or name tags allows you to see a clear-cut difference between security levels, seniority levels, and even the days that visitor cards are valid. Why go plain when you can add a little color to your daily life? These holders are available in three styles to fit your needs.

# Event Credential & Badge Holders

Sports, music, corporate, you name it... there are plenty of good reasons to use a larger-than-average card holder for security. Larger badges allow for quick identification on the sidelines or backstage. Rock out and go big with large credentials. We offer custom printing for added security and a personalized touch.

Say buh-bye to paper log books at the front desk. Our new digital visitor management systems allow you to track your visitors in real time. Employees are notified via email when their guests arrive, and guests can even be checked against a national database of offenders before a badge is printed. Visitor badges can be paper labels, hard plastic cards, or self-expiring tokens. Call us for more information on the solution that best suits your needs.

# PVC & Technology Cards

Plastic cards are in use all around you every day. Cards can open doors, clock you in, pay a bill, verify your identity, and hey, we'll admit it... even scrape ice off your car's windshield. To the right you will see the many types of cards we offer to fit most any need.
